## VIOLENCE

**Denounced By Barley Growers.**  
Quarterly District Meeting of Society of Equity.

At Winchester Tuesday, Dec. 10, the regular quarterly district meeting of the Barley Tobacco Society was held.

The following resolutions were adopted:

Resolved, That the Barley Tobacco Society in convention assembled avails itself of the first possible opportunity to denounce and condemn the lawless acts of the mob at Hopkinsville last Friday night, and we renew our former resolution to aid in protecting all citizens, whether members of our society or not, against such lawless acts.

"We are opposed to unlawful invasion and violation of law, both by corporations and individuals, and pledge ourselves to aid in the prosecution of those guilty thereof."

Thirty-four counties were represented. The delegates inspected the tobacco samples which are being graded and stored. Forty-five thousand pounds of samples had been graded.

From reports the great majority of the tobacco growers are opposed to raising any tobacco in 1908.

The delegates expressed confidence that all members will soon sign.

In most cases in which they have requested the buyers for the American Tobacco Company, as well as the independent buyers, not to buy any tobacco in their counties, the buyers have agreed not to attempt to purchase any more tobacco.

At Guthrie, Okla., Robert Owen, of Muscogee, and Thomas Gore, of Lawton, were formally elected to the United States Senate by the Oklahoma Legislature. Both are Democrats. Owen is of Scotch-Irish ancestry, with a mixture of Cherokee Indian blood. Gore has the double distinction of being the first blind member of the United States Senate, and being the youngest man of that body, being only thirty-seven years of age.

## NOT ONE DRUNKEN MAN IS ARRESTED.

Thanksgiving Day Just Passed Breaks All Records For Oklahoma City.

Not a drunken man was arrested on Thanksgiving Day, nor was one seen on the streets by the police.

Concerning the unusual conditions on Thanksgiving, 1906, Jailer Jim Bowles says:

"To the best of my recollection, 21 men were arrested last Thanksgiving. I probably had about 30 prisoners in jail. Today, I have one, and he is not obstreperous by any means. The conditions have changed vastly, and of course, so far as that specific offense is concerned, the scarcity of drunkenness must be attributed to prohibition. I recollect distinctly that one year ago, W. P. Dilworth was shot and fatally wounded by a tramp, Ray Kohl, who had attempted to rob the store on West Main street, and Dilworth's resistance resulted in the killing. Kohl is now in the penitentiary at Lansing.—The Daily Oklahoman, Nov. 29.

This is what prohibition does for a city of 45,000. Good material for your fight. 120 saloons closed their doors in this city on the 16th and business goes on just the same.—Chas. G. Glover.

## IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Mt. Sterling Citizen Shows How To Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys.

Samuel Rice, the brick manufacturer who lives on Second street, Richmond, Ky., says: "Doan's Kidney Pills are without doubt the best kidney remedy in the world, and you may use my name as a reference. Until I tried them I was a continual sufferer from kidney disorders and weakness, accompanied by severe backaches. I happened to read one of the advertisements for the remedy and was influenced thereby to buy a box. The results were entirely satisfactory."

Plenty more proof like this from Mt. Sterling people. Call at F. C. Duerson's drug store and ask what customers report. For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. 23-2t

## An Aged Woman Writes.

We have received the following from an aged and well known woman in this community:

I wish I could see proud old Kentucky a prohibition State before I die. I have been a prohibitionist a long time and have done a great deal of good in my own family. My children are all prohibitionists and what will that mean to the world as time goes on! Besides I have one son-in-law prohibitionist. I will have some one to take my place when I am gone. Prohibition means more than abstinence from all intoxicating drinks. It means love for humanity and human progress in the world. The prohibition states are doing so much better than the wet—they have no poor houses and but few criminals and that is why it ought to prevail. They say the saloon keeper sells whisky to make money; but if a man gains the whole world and loses his soul what will it profit him. All reform movements are attended with some trouble and sacrifice. There are temperance people all over the globe. I wish I could clasp hands with them once in this world. I got to see Mrs. Nation. I never expected to see her. She has had a hard time in the cause and done a good deal of good, but we can meet in heaven where troubles are no more. I have had relations that have killed themselves drinking, but none of my own family, thank God, for a drunkard is the most pitiable thing I know of. The prohibitionists are trying to save them. I write this because I love the temperance cause so much. From friend to humanity. Mrs. \_\_\_\_\_

## A SIMPLE RECIPE.

Mix This Simple, Healthful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.
